Handbook final approval (officials)	<i>FYI</i>	K McKenna	Officials language has been changed so it matches WIAA handbook language. It is a working handbook, and the date will be updated each time there is a change. We put strikethroughs where language was altered or removed. It will remain that way until the next version is sent out (2025-26 school year). Suggestion of adding a footnote of the changes instead of leaving the language in the handbook with strikethrough.

Scheduling / power rankings	<i>discussion</i>	D. Pudwill	Multi-classification scheduling - clarification moving foward is how we are power ranking into next year. Are we giving points to beating teams in certain divisions or for classification? What was discussed is we give points to the divisions of the teams you beat. What was remembered was the first set of divisions were set off of classification points. Moving foward would be rewarding points within the divisions..example: a division 2 team beating a division 1 team would get more points. Looking at past meeting notes to determine how this will look going foward. Scheduling committee will meet and discuss.
