Amendment Review			Going over votes from previous meeting to see if we want to change our votes after some time has passed.	
reschedule events (league)			If a school does not have enough eligible participants it depends on the situation.	MTA all 3 softball games - Tyee vs Interlake, Renton vs Foster, Tyee vs Renton to reschedule - 2nd - 21-3-1 - APPROVED
Track		B Kuntz / J Sauvage	Imperial to metric distance conversion (1 mile / 1600), Top 20 at KingCo for 4A, Schedule adjustment.	MTA the KingCo tournament for 4A from 18 to 20 - 2nd - Discussion - 25-0-0 APPROVED
Fastpitch Waiver		J. Thurston	Waiver was approved for KingCo - NFHS rule says on the deck warm up - KingCo says either one can be used. Amendment will need to be proposed next year for this to continue (WIAA not interested in ongoing waivers)	
Wrestling/gymnastics Schedule 1st read		J. Thurston	Wrestling commissioners was able to bring forward a schedule for wrestling on the 1st reading. Double duals were brought together so kids were able to have matches. Some coaches liked double duals some like single duals. Therefore, taking all of that into account, the commissioners were able to do a split between double duals and single duals. On single dual nights we can do a girls scramble night. When it comes to double dual nights it would mean that there would be no JV matches, this would mean there would be a JV scramble night at about 3-4 sites. This would move our hosting sites from 4 to 8 on a week. this would mean that you will host more matches. Schedule was put together with the same north/south region. Co-ops have been account for with the schools that will be doing it again	MTA wrestling schedule for the 2025-26 season on first reading - 2nd - Discussion - 25-0-0 APPROVED MTA gymnastics schedule for the 2025-26 season on first reading - 2nd - Discussion - 24-1-0 APPROVED
Tennis schedule		C. Falk	The coaches met with commissioners and they noticed that if with the ending of the schedule on May 1, there is not room for the crossovers that need to happen. There is a proposal for the matches on May 1st be moved to April 28th. There would be a day break or rescheduling if needed. This would also be moving the crossovers from May 3rd to May 1st	MTA matches for the 3A and 4A last tennis match from May 1st to April 28th and crossovers from May 3rd to May 1st - 2nd - Discussion - 25-0-0 APPROVED

Scheduling		B Brakke	Moving soccer to a 12-8-8 which would move our BYEs to the beginning of the season from the middle of the season like our boys schedule is. Volleyball models were displayed as crown/crest and crest/mountain models to be voted on which one we would want as a structure for the 2025-26 season Tennis has only entertained the crown/crest model. There are many positives to this model, but the cons have been discussed when it comes to classification match ups since it is an individual sport and the seeding is determined on match ups. Second reading for boys and girls swim and cross country. Jeff did not have any coaches say they did not like the schedule or where the teams were placed. One ask was to have the invitational with teams to happen at the beginning of the season instead of the end of the season. Cross country schedule was looked at and coaches liked it Next set of schedules that will be worked on is basketball and flag football	MTA to have the BYEs moved to the beginning of the season which would change the matrix to 12-8-8 instead of 14-8-8 - 2nd - Discussion - MT table until the march 31st meeting for voting - 25-0-0 TABLED MTA the crown/crest model for volleyball 2025-26 - 2nd - Discussion - 14 - 11 - 0 PASSED MTA mens tennis as a crown/crest model for the 2025-26 structure - 2nd - Discussion - 20-4-1 APPROVED MTA boys and girls swim on the second reading for the 2025-26 season - 2nd - discussion - 25-0-0 APPORVED MTA cross country schedule on 2nd reading for the 2025-26 season - 2nd - Discussion - 25-0-0 APPROVED

Team Placement		J Frost	Girls soccer placements have been made. The committee has opened the option to opt up or down. No one chose to, which means the girls soccer schedule is done with placements and structure. Halstead split gives us the opportunity to balance the competition to where we are not having one division play eachother at the beginning or end but are spread out across the schedule. This will also make sure that the teams who have shared stadiums are not all at home and are split equally. Placement committee can now open the opt up opt down for volleyball and tennis	MTA implementation of halstead split in structures of scheduling - 2nd - 25 -0- 0
