Rescheduling - Rain Outs	FYI	K McKenna	Divisional games / classification games / etc  Which games do we priorttize - non league vs league games vs classification games.  Specifically to tennis - we need data points for post season seeding. Therefore, many of us have scheduled in classification non-leagues within KingCo. Some are thinking we should look and discuss in making those classification games a priority for the reason of seeding. A divisional game does mean more now than it did before due to how many allocations you get into the post season dependent on how you fall in your division.  For tennis we need to remember that every other sport plays on Saturdays and tennis needs to also remember that they may have to play on Saturdays as well. - For Tennis - we prioritize divisional games over non-leagues.  there seems to be a lot of grey in the black and white of the handbook when it comes to rescheduling games that are rained out. We need to try and play on the next playable date. This may be determined due to many circumstances - transportation, umpires, facility issue.	
April 21 (next meeting) - Nominations	FYI	B.Kuntz	May 5 Election (Vice President, At Large 1 and At Large 2) - We will entertaining nominations on the April 21 meeting, then will vote for those positions May 5. Sending nominations to Kyle.	
Basketball - scheduling timeline	FYI	W. Newton	Basketball commissioners are meeting tonight with the basketball coaches to discuss potential options for the schedule next year. This is just an informational meeting, this is to help us with the process and make it better for everyone. We want to make sure everyone is hearing it from one voice so people aren't hearing different things.  Timeline - 3/31 meet with coaches, send a form to ask which they like best, April 21st we are hoping to have the first reading of the schedule at the KingCo meeting, meeting with officials association after first reading, May 12th have second reading and be done with basketball until next year.	
Finalize Amendment Voting	Action	B.Kuntz	Doing a paper pencil ballot for the final votes of ammendments. - Ammendments 7 and 8 were voted down.	
Lockerrooms - Boys Soccer		D. Pudwill / J. Sauvage	Do we provide locker facilities for soccer? Not sure if this has been past practice or is this something new? Should we have some sort of chart showing who has locker rooms and who doesn't? AD's should be talking to their coaches about locker rooms and that they may not be available at some sites.	
Schedule approval process		J. Thurston	We want to make sure everyone knows where we are in every schedule, and Jason was able to put together a schedule tracker in our KingCo MCS link. Looks great, maybe a color coding on what each color means when it comes to the schedule process.  Approvalment of schedules - First reading, placement, 2nd reading, opt up and opt down process.  If you have more thoughts on this please send those to Jason
