**I. PURPOSE**

The purpose of this policy is to establish a clear statement of the purpose for which the school district exists.

**II. GENERAL STATEMENT OF POLICY**

The school board believes that a mission statement should be adopted. The mission statement should be based on the beliefs and values of the community, should direct any change effort and should be the basis on which decisions are made. The school board, on behalf of and with extensive participation by the community, should develop a consensus among its members regarding the nature of the enterprise the school board governs, the purposes it serves, the constituencies it should consider, including student representation, and the results it intends to produce.

**III. MISSION STATEMENT**

The mission of Independent School District #299 is to plan and provide the best quality education to all learners in an environment which is conducive to learning. It is also our purpose to encourage cooperation among home, school and community in order to develop knowledge, skills and attitudes for citizenship in our changing world.

**IV. REVIEW**

The school board will review the school district's mission every two years, especially when members of the board change. The school board will conduct a comprehensive review of the mission, including the beliefs and values of the community, every five to seven years.
