

Child Enrollment Documentation for Child Care Centers Participating in the Child and Adult Care Food Program (CACFP)

Child Care Centers that participate in the Child and Adult Care Food Program (CACFP) are required to collect annual enrollment information from parents and/or guardians. This requirement applies to all CACFP facilities except adult day care centers, emergency shelters, outside-school-hours care centers and at-risk centers.

The enrollment form must include the following elements per regulations 7 CFR § 226.15(e)(2) and § 226.17(b)(8):

- Each enrolled child's normal days
- Hours in care
- Meal service received
- Signature of parent or guardian.
- Annual updating of the information.

To document enrollment information, child care centers who participate in the Child and Adult Care Food Program (CACFP) can use the attached sample enrollment form or can modify their own child care enrollment form to include the required elements listed above.

Enrollment forms need to be updated annually by a parent or guardian. If the child's normal days that he/she attends the day care, their hours in care, the meal services they receive and contact information stays the same as what was reported on their original form, the parent or guardian can simply initial and date the form at the bottom. If only a few changes are needed the parent or guardian can simply modify the existing form and initial and date the form at the bottom. If there are significant changes that need to be made have the parent or guardian complete a new form.

If you have any questions about the requirement for collection of enrollment information, please contact Food and Nutrition Services (FNS) at 651-582-8526, 800-366-8922 or email mde.fns@state.mn.us.
