Non-Voting Members in attendance: Shawn Kreman, Janet Feikema

- I. Call to Order: 12:30 pm by role call
- II. Approval of Agenda: Board Action is required.
 - A. Any changes or additions to the agenda?
It was recommended that the agenda be approved as submitted.
- III. Work Session- Update and review of West Lyon R2L plan
Supt Kreman talked about recommendations from the Department of Public Health that districts need to put a more definite plan in place for hybrid and distance learning plans. Lyon county is currently at 13.8% positive COVID cases. West Lyon will need to look at moving to hybrid or distance learning if positive cases in the district rise over 10%, or roughly 95 people.
- IV. Other items of discussion:
 - A. IDPH and Lyon Co Health Data
The Department of Public Health is using the positive case analysis to keep districts apprised of positive cases in their area. This report is updated daily.
 - B. Absentee/Positive Cases: School and County
Lyon County is currently at 13.8% positive cases. West Lyon has less than 1% positive cases after the first week of school. These numbers continue to be monitored daily. West Lyon has a Lyon County health nurse on staff each day.
 - C. Review of staff survey: 1st week
Supt Kreman reported that the staff survey was conducted at the end of the first week. High numbers were reported of mask wearing in the elementary level, and much less in the junior high/high school areas. The majority of staff felt protected with the appropriate personal protective equipment provided.
- V. Adjournment: Board Action is required.
It was recommended that the work session adjourn at 1:22PM.
