

## Elementary News and Notes

Dear Parents/Guardians,

This will be our final News and Notes for the school year! The year has once again gone very quickly for us. Now we turn toward next year. In June I will be at the school working almost exclusively on State Reports, as well as preparing our handbooks and more for next school year. I will also have a number of meetings that I attend that I can't get to near as easily when students are in session. So, I will be working, but some days will be spent at other sites. As far as reaching out to me, I will be available within a relatively short time. The month of July I do not plan to be in much during that month, and will check emails, but will be much more limited and not checking daily, but rather weekly. August I will be back full-time preparing for another successful school year and will be around the building almost daily. Please leave us messages as you need to, and we will get in touch with you as we are able to in the summer. Thanks for a great year! I look forward to seeing many of you around this summer and am excited for what the school year 2025-26 brings.
