5. First team, Second Team, and Honorable Mentions will receive certificates. The League will publicize the awards on its website and social media at its discretion.

ARTICLE II SELECTION OF ALL LEAGUE TEAMS

1. When All-League selection meetings are held, the sport liaison must approve All League selections, including Player of the year and other special awards, prior to coaches leaving the meeting. **Challenges to the results of league selections must be presented at the All-League Selection meeting**
2. Sports in which All League teams are selected by a vote of the coaches include: Baseball, Basketball, Field Hockey, Lacrosse, Soccer, Softball, Tennis, and Volleyball
3. In all sports where the All-League team is determined by a vote of the coaches, the Head Coach will submit a list of nominations the sport liaison by Wednesday preceding the Sunday All-League selection meeting. ***All nominations for Player of the Year, 1st and/or 2nd team must be submitted at this time. Additional nominations will not be accepted at the All-League meeting.*** The list will rank the nominations in order of first team and second team nominations. The coach should also indicate if one of the nominations is to be considered for Player of the Year honors. The sport liaison will prepare a summary sheet/ ballot based on the submitted nominations that will be used in the selection meeting. First team nominees who are not selected for first team will automatically be considered for Second Team honors. All submitted nominations are eligible for all league consideration and votes.
4. In the sport of tennis, nominees must have played in at least 50% of the CBL matches to be considered for All-League honors.

5. Statistics submitted with the nomination ballot will be for league contests only.
6. Coaches from each division will **vote** on their respective nominees for All League status. Coaches must be present to vote. If a coach is absent, coaches from the other schools may still vote for players from the absent coach's school. The school's administration will be notified by the league commissioner if their coach does not attend the selection meeting.

EXCEPTION: if there is an extenuating circumstance that may lead to a coach not being able to attend the selection meeting, the coach may submit his completed all-league ballot via email to the sport's liaison prior to the start of the all-league selection meeting. An example of an extenuating circumstance would be the scheduling of an OHSAA tournament contest on the day of the all-league selection meeting. Coaches unable to attend the meeting would not be able to participate in any tie-breaking votes.

6. Once all coaches have submitted their ballot, the sport liaison (or person in charge of the respective meeting) will announce the school and vote of each ballot.
7. **Tie-Breaker – if, after the initial ballots are counted, there is a tie for the last spot on the specific All-League team, the coaches will cast a second vote of the players tied to break the tie. A player must receive at least 50% of the votes to receive the spot on the specific team. A coach may vote for his/her own player.**
8. The number of first team members will be determined by the CBL formula.

6. * Exceptions to the formula:
 - A. A All-League 1st team will always name, at the least, the number player/starters that are required to play the sport as listed in the above table.
 - B. An All-League 1st team will always have at least the number of schools that sponsored a team in that sport. For example, if 8 teams sponsor the sport, there will be at least 8 named All League.
 - C. If the number of players recognized at the 1st and 2nd team levels is 50% or more of the base number for the specific sport, there will not be an honorable mention team.
 - D. Field Hockey – formulas is adjusted to reflect 1st Team will name 11 players (# of Starters), 2nd team will name six players. If additional schools add Field Hockey, this will be reviewed.
 - E. *In certain sports, such as Golf and Cross Country, if the number of participants in the sport is lower than usual, the formula may be adjusted to recognize the number of individuals that are counted in the team scoring. For example, in golf, four players are counted in the team score, All-League honorees may be reduced to four per team. In Cross Country, the number recognized could be reduced to five per team.*
