CENTRAL BUCKEYE LEAGUE
SPORTSMANSHIP GUIDELINES

2023-24

CBL

PREAMBLE

SPORTSMANSHIP POLICY AND GUIDELINES

PHILOSOPHY

The member schools of the Central Buckeye League believe that interscholastic competition involving member schools should be governed by the basic principles of good sportsmanship. This document has been prepared to ensure that all members have a common understanding of those basic principles.

We believe that participation is more important than winning. We believe that students should be coached to play to the best of their ability and to understand that to play well is to play honorably. The promotion of sportsmanship is the obligation of all school personnel (principals, athletic directors, and coaches) and is directed to the behavior of spectators, coaches, and players. An additional component to consider is in the area of coaches' ethics. We believe the development of good sportsmanship through the practice of ethical behavior and moral reasoning is one of the acknowledged objectives of interscholastic athletics. We therefore expect member school administrators, coaches, athletes, cheerleaders, and spectators to know and embrace the following fundamentals of sportsmanship:

1. Respect should be demonstrated for an athletic opponent and for their school at all times. Host schools should treat visiting teams and their supporters as guests and accord them the consideration all human beings deserve. Visiting schools should respect the property and dignity of their host school and its athletic teams.
2. Respect should be demonstrated for the officials at all times. Officials must be assumed to be and accepted as impartial arbitrators who are trained to do their jobs and can be expected to do the job to the best of their ability.
3. Knowledge of and a proper respect for the current rules of the contest should guide the behavior of all participants. Rules are essential for a fair contest, and good sportsmanship suggests the importance of conforming to the spirit as well as the "letter" of the rules.
4. All participants should strive to maintain self-control at all times. The desire to win should not be accepted as a reason for abandoning rational behavior. A proper perspective must be maintained by all if the potential educational values of athletic competition are to be realized.
5. All participants should learn to recognize and appreciate skill in performance regardless of affiliation. Recognition of the good performance of an opponent is a demonstration of generosity and good will that is encouraged in all member schools. In order for good sportsmanship to prevail, it is essential that all participants understand their individual responsibilities and expected modes of behavior before, during, and after contests.

I. COACHES

The coaches bear the greatest responsibility for the development of sportsmanship as they have the greatest influence on the attitudes and behaviors of players, the student body, and the community. Coaches must value sportsmanship and teach it through their words and through example. Therefore, coaches should embrace the following appropriate behaviors:

1. Instruct their players in the fundamentals of sportsmanship.
2. Teach the value of conforming to the spirit as well as the letter of the rules.
3. Make sportsmanship behavior a matter of team discipline, with appropriate consequences for team members who display unsportsmanlike behavior.
4. Remind the student body at every opportunity that visiting teams are guests, and, as their hosts, they should be polite and courteous.
5. Respect the officials' judgment and interpretation of the rules.
6. Demonstrate publicly the ideals of good sportsmanship by such acts as shaking hands with officials and opposing coaches before and after contests.

Coaches should avoid the following inappropriate behaviors:

1. Use of profanity.
2. Ejection from contest.
3. Berating officials or players.
4. Inciting spectators/players to behave inappropriately.

Suggested disciplinary actions:

1. Conference/hearing with school officials.
2. Growth plan for improvement.
3. Possible suspension/termination.

Mandatory disciplinary action:

If ejected, the minimum suspension should be as determined by OHSAA regulations for the current school year. Refer to the current issue of the OHSAA Handbook for specific regulations

II. PARTICIPANTS

A. PLAYERS

Because players are admired and respected, they exert a great deal of influence over the actions and behavior of the spectators. It is important that players:

1. Treat opponents with the respect that is due them as guests and as fellow human beings.
2. Shake hands with opponents and wish them a good game when appropriate.
3. Exercise self-control at all times, accepting the judgment of the officials as just that, the best judgment they could make given what they know and see. Never argue or make gestures indicating lack of respect for the official judgment.

4. Accept both victory and defeat with pride and compassion. Congratulate opponents in a sincere manner following either victory or defeat.
5. Accept seriously the responsibility and privilege of representing the school and community.

B. CHEERLEADERS:

Cheerleaders are representatives of the student body. By setting a good example, the cheerleaders can influence and control the actions of the student spectators. They should:

1. Establish standards of desirable behavior in keeping with the fundamentals of good sportsmanship for the cheerleaders and pep club.
2. Use positive cheers that encourage their own team without demeaning the opponents.
3. Use discretion in deciding when to cheer and which cheers to use. Give encouragement to injured players on both sides.
4. Never attempt to distract opposing players or in any way to interfere with their performance.
5. Serve as hosts for visiting cheerleaders.

Participants (players and cheerleaders) should avoid the following inappropriate behaviors:

1. Taunting officials, opponents or spectators.
2. Violation of bench rule: If an athlete leaves the bench area and is involved in an altercation on the playing field/area the OHSAA policy relative to this must be enforced.
3. Ejection from contest.
4. Use of profanity.
5. Damage/destruction of school property.
6. Theft of school or personal property.

Suggested disciplinary actions:

1. Benching of participants.
2. Removal from contest.
3. Suspension of a portion of the season.
4. Restitution.
5. Conference/hearing with school officials.

Mandatory disciplinary actions:

If ejected, the minimum suspension should be as determined by OHSAA regulations for the current school year. Refer to the current issue of the OHSAA Handbook for specific regulations

C. SPECTATORS

Partisan spectators by their behaviors and reactions determine to a large extent the reputation for sportsmanship of their school. Spectators should be reminded and should keep in mind that athletes are friendly rivals as members of opposing amateur teams. They are expected to be treated as such. Spectators should be reminded too, that the contest should be between the

teams engaged in the competition and not between their supporters. It is important that all spectators:

1. Know and demonstrate the fundamentals of sportsmanship.
2. Respect, cooperate, and respond enthusiastically to the cheerleaders, coaches, and athletes of all teams.
3. Censure fellow spectators whose behavior is unsportsmanlike.
4. Be positive toward players and coaches regardless of the outcome of the contest.
5. Respect the judgment and the professionalism of the officials and coaches.

Spectator inappropriate behavior:

1. Verbal/physical abuse of officials.
2. Berating players, coaches or other spectators using: chants, signs or cheers
3. Interruption of contest by: throwing objects on playing area, entering playing area, or displaying disruptive behavior

Suggested disciplinary actions:

1. Removal from contest.
2. Conference/hearing with school officials.

We believe that each member school of the CBL is committed to upholding the ideals of good sportsmanship put forth in this document. It is in this spirit that the suggested disciplinary action is proposed. We also recognize the importance of communication and cooperation between member schools when incidents of inappropriate behavior arise. The quality of our conference depends upon this natural respect. We also believe that being proactive is vital to the education of our students and spectators and therefore offer the following suggested related activities:

P.A. Announcements at contest
Letter to community
Insert in game programs
Team night promotion of sportsmanship
Coaches in-service...ethics and sportsmanship
Beginning year assemblies
Sportsmanship awards

CENTRAL BUCKEYE LEAGUE CONSTITUTION AND BY-LAWS

ARTICLE I

Name

The name of this organization shall be the Central Buckeye League (CBL). All policies and by-laws apply to all member schools.

ARTICLE II

Purpose and Powers

Section I – Purpose

The CBL is organized exclusively for charitable, religious, educational and scientific purposes, including, for such purposes, the making of distributions to organizations that qualify as exempt organizations under the Section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code.

The purpose of this non-profit organization shall be to promote pure, wholesome competition in the high schools or member schools; and to foster and perpetuate a high standard of sportsmanship among all participants.

Section II - Power

Notwithstanding any other provision of these articles, the CBL shall not carry on any other activities not permitted to be carried on (a) by an association exempt from Federal Income Tax under Section 501 (c)(3) of the Internal Revenue Code of 1986 (or corresponding provision of any future United States Internal Revenue law) or (b) by an association, contributions to which are deductible under Section 170(c)(2) of the Internal Revenue Code of 1986 (or corresponding provision of any future United States Internal Revenue Law)

ARTICLE III

School Membership

Section I - Good Standing

Any school of secondary grade and their affiliated school of middle school grades accredited by the State Department of Education, and in good standing in the Ohio High School Athletic Association, shall be eligible for membership.

Section II - Entry

Any school may petition to become a member of the league by its administrative head filing an application through the League Commissioner and accepted after two readings, by a 75% vote of the current member schools who will be members of the league at the time the new school enters the league. (Note: If there are schools that will be withdrawing from the league prior to the new school joining, they will not have a vote on the acceptance of the new members.)

Voting privileges for a school formally accepted for membership in the CBL whether through expansion or replacement, commences when that school begins competitive participation in the league. The school will be invited to attend and participate in all scheduled Executive Committee meetings occurring between the time the school is formally accepted into the league and the year it begins competition. New member schools may hold positions on planning committees, but have no vote until they are competing in the league.

Section III – Affiliate Membership

By 75% majority vote of member schools, a non-member school may be approved as an Affiliate member of the league. An Affiliate member of the league is joining for scheduling purposes only. An Affiliate member will not be included in league standings, will not be eligible for All League honors and will not have voting privileges. The Affiliate member will agree to follow CBL guidelines in the sport(s) in which they are participating.

Section IV - Withdrawal

A school may withdraw from the League by one of four methods as follows:

1. By filing a request for/notice of withdrawal with the League Commissioner by August 15 two years prior to their last year in the CBL.
2. By official action by the Executive Committee, a motion may be made to waive the two-year requirement. This requires a motion, a second to the motion and a majority vote of approval.
3. The two-year notice requirement may be waived if an acceptable replacement is secured to fulfill the obligations of the school wishing to withdraw.
4. A school may negotiate a “buy-out” of remaining contracts scheduled with other league schools in place of the two-year withdrawal notice. The breach of contract in Article III, Section X of this document will serve as the guideline for the buy-out.

Example to clarify the two-year notice: If a team would like to declare that their last season of interscholastic competition in the CBL will be the 2025-26 school year, they must notify the league by August 15, 2023.

Section V – Replacing Schools

At the direction of the Executive Committee, the League Commissioner will prepare a press release announcing the opening. The press release will include a detailed time frame with respect to when applications are to be submitted, the desired school year in which the new school will begin competition, when interviews of prospective schools will take place, and when a final decision will be made.

Section VI – Removal From League

A member school (or schools) may submit a request from the Superintendent/Head of School to the League Commissioner to have a school removed from the league. The request would require two readings and an 75% majority vote to approve the request. If the request is approved, the removal would take effect at the start of the second school year after the vote was approved. If the school being removed chooses to leave at the end of the current school year, there will be no financial consequences for breach of contract for league contests.

Section VII - Suspension

Any member school of this League may, by 75% vote of member schools, be suspended for a documented violation of the CBL Constitution, By-Laws, or Sports Regulations. Based on the type of violation, the school may be suspended by sport, by season, or by year. Documented violations of OHSAA rules and regulations will be a violation of the CBL's constitution.

Section VIII - Violations and Penalties

When there is an alleged constitution, by-laws or policy violation by a member school, the alleged violation will be put in writing and submitted to the League Commissioner. The Commissioner will review the allegation with the Rules and Standards Committee (President, President-elect, and Commissioner). The accused school will be notified in writing by the commissioner of the allegation and be given the opportunity to present evidence, including witnesses, to clarify their position to the Rules and Standards Committee.

Upon the recommendation of the Rules and Standards Committee, the Executive Committee, at a regularly scheduled or special meeting, will review the allegation and rebuttal of the accused school. The Executive Committee may, by a three-fourths (75%) majority vote, place a school on probation for a school year. The commissioner will state this action and the conditions for returning to regular status in writing.

When a school has been on probation for a year, the Executive Committee must review the matter and may take one of the following courses of action:

- a. Continue the probation for another year and declare the sanctioned school ineligible for conference championships during that year. This action requires a three-fourths (75%) majority vote.
- b. Expel the sanctioned school from the conference. This action requires a three-fourth (75%) majority vote.
- c. Restore full membership rights and privileges if “A” or “B” does not occur.

Section IX- Scheduling Formula (See Appendix A)

- B. If a school chooses not to make up a Varsity contest, by OHSAA regulations it will be considered a “No Contest” and will not count as a win or loss for either team. If this occurs in league sport in which “points” are earned for winning, the points will be forfeited by the school refusing to reschedule the contest. (Soccer, tennis, lacrosse)
- C. Sub-Varsity level contests - Member schools shall make every attempt to try to play the full league schedule. By mutual agreement, schools may choose not to reschedule a contest. Section II - Schools Adding Sports

Schools must declare their intent to field a new team in a recognized sport for the next school year by the end of the current season for the same sport.

Section III - All-Sports' Champion **ALL SPORTS CHAMPION AWARD**

The CBL will acknowledge an All-Sports' Champion at the conclusion of the school year. Schools will receive points in each varsity sport recognized by the league based on their place of finish.

The formula for awarding points-will be:

- a. There must be at least half of the schools within the league sponsoring a sport for it to be included in calculating all sport champion points.
- b. First place will receive one point for the total number of schools sponsoring the sport. Second place will receive one point less than first; third will receive one point less than second and so on. Schools will receive at least one point for sponsoring a team.
- c. Ties will result in awarding an average of the tied teams total points to each school.

See Appendix K for the form used in tallying the results as the school year progresses.

Section IV – Freshman Level Teams (JV -B)

Freshman level teams may be a blended team of Freshman and Sophomores. Schools are to communicate with opponents in advance of the contest if they are using a blended roster.

Section V– Middle School Sports participation regulations

If a school only offers one combined (7/8 grade) middle school level team, it is recommended the team will participate at the 8th grade level.

OHSAA guidelines will be followed with respect to the make-up of team rosters during the regular season (7th graders may play on 8th teams; 8th graders may play on 7th grade teams). Each school is responsible for monitoring all participation limits established for each sport. (i.e. quarter limitations, game limitations.) Schools are to communicate in advance of the contest if they are using blended rosters, particularly at the 7th grade level.

Commented [2]: Do we want to reconsider this? One year we had only 1 8th grade baseball player and 10 7th graders. It seemed unfair for those 10 7th graders to have to play an 8th grade schedule.

MS Tournament rosters – 8th graders who have participated on a 7th grade team for the entire season may continue to participate with the team during the tournament provided OHSAA guidelines are followed. A student who has shared time during the regular season can only play on one team in a postseason tournament.

Schools are encouraged to use discretion when playing 8th graders on 7th grade teams.

If there is a member school whose affiliated middle school is not a member of the OHSAA, the OHSAA member schools may choose to compete with the non-OHSAA member school during the regular season, or they may choose not to compete with the non-member school. If over half of the OHSAA member schools within the league agree to participate with the non-OHSAA member school during the regular season, the non-OHSAA member school may also participate in the CBL post season tournaments. Before an OHSAA member school can choose to compete against a non-OHSAA member school, the non-OHSAA member school must require that all their coaches satisfy the coaching requirements established by Ohio law and the OHSAA.

The same coaching requirement would also apply to “club teams/non-school teams” that are scheduled in place of school sponsored teams when the school does not sponsor the specific sport.

Non OHSAA member schools and club/travel teams will agree to follow all NFHS and OHSAA regulations with respect to playing rules and eligibility with the exception of permitting 6th grade participation.

The school is responsible for contacting the vendor and ordering the trophy. Payments will be sent to the candidate after the recipient provides proof of enrollment in a post-secondary institution to the Commissioner by September 1st of the year the award was won and evidence of continued enrollment by September 1st the succeeding year. In the event the athlete

chosen for this award does not attend college or receives a full scholarship, the \$1000.00 will be awarded to the runner-up in the voting for the award. Should the runner-up not use the money, the \$1000.00 will not be awarded for that year.

- c. In order to be eligible for this award, the student athlete applications must be in the hands of the League Commissioner no later than the April Executive Meeting. Nominating schools will bring ten copies of the completed nomination form to the April Executive committee meeting; one copy for each school in their respective division, one copy for the League Commissioner and one copy for the League Secretary. (Nomination forms may be sent to all electronically)

Each member of the Executive Committee shall be prepared to cast the vote of their school for the Scholar Athlete Awards during the May meeting of the Executive Committee. A ballot will be prepared of all nominees by the Commissioner.

The candidate must receive at least 50% of the member votes to receive the award. If no candidate receives 50% of the votes on the first ballot, then a run-off of the top two candidates will be conducted. This procedure will continue until a candidate receives at least 50% of the votes. Should a 4-4 vote exist, two plaques will be awarded as Co-Scholar Athletes and any monetary award will be split equally. These awards will be paid out of the Central Buckeye League treasury.

Refer to Appendix K for Scholar-Athlete application form.
