\*Exact grade level dates and times are subject to change. A more detailed MCA testing schedule will be posted a month before district testing begins.

Test Rationale Description:

<sup>1</sup>The STAR is an assessment to measure and monitor student growth in reading and math.

<sup>2</sup>The PSAT/ACT are national tests used by colleges and universities for admission and scholarships. These tests are optional.

<sup>3</sup>The ASVAB is a multiple-aptitude battery that measures developed abilities and helps predict future academic and occupational success in the military. It is administered annually to more than one million military applicants, high school, and post-secondary students.

<sup>4</sup>The ACCESS for ELLs and Alternate ACCESS for ELLs are the assessments administered to English learners in order to measure progress toward meeting Minnesota's standards for English language development.

<sup>5</sup>The Minnesota Comprehensive Assessments (MCA) and alternate assessment Minnesota Test of Academic Skills (MTAS) are the state tests that help districts measure student progress toward Minnesota's academic standards and also meet federal and state legislative requirements.
