COACHES NOMINATING THOUGHTS:

Tyson has a strong desire to succeed. He is highly competitive and has a "team first" attitude. He was selected as a 2nd team all-conference defenseman in 2024. He is a highly skilled defenseman and has great leadership qualities. He leads through the motivation of others as well as by example.

His efforts have been recognized by his peers and coaches. He was voted an assistant captain of the high school hockey team. Having this type of leader on our teams and in our classrooms is invaluable to us as teachers and coaches because he makes everyone around him better.
