

All-League Girls Soccer Selections

ALL METRO MVP --- Andrea Cummings

Andrea Cummings has been the most dominant player in the Metro League this season, consistently changing the course of every game she plays. While her stats might not break records, it's her intangible contributions that set her apart. Andrea's soccer IQ allows her to seamlessly impact any situation or position on the field, making her the player with the coveted "ticket to roam." She's the one who draws the attention of opposing coaches and even officials, all in awe of her relentless work rate.

Fearless in her approach, Andrea battles aerial duels against defenders twice her size and often forces the opposition to shift their focus entirely onto her, disrupting their system. As captain of the Roosevelt High School varsity team, she leads by example, providing unwavering support to her teammates both on and off the field. Andrea's leadership and presence have made a lasting, positive impact on her team's success this year and years to come.
