*Need a Sports Physical? **Look no further!***

With kids “Springing into Action” this season, AFC Southpoint is more than ready to ensure that your child is set to compete! Before hitting the field or court, it’s important to evaluate their physical condition to make sure they are not at risk.

We evaluate for:

*Heart or Lung conditions that could restrict play

*Being prone to musculoskeletal injury, based on the specific sport played

The cost is only **\$25** including signing the form. Furthermore, if we become the PCP, the physical may be covered by insurance as part of the well-child visit. Parents must always accompany their child throughout the visit.

With convenient hours, short wait times and well-experienced medical providers AFC Southpoint is here to make it convenient.

Don’t wait any longer and give us a call at (919) 551-2000 or go to www.afcurgentcare.com/southpoint to book your Appointment now!
