

WOA Membership Fee – Fall (2024-25)

Tier System: Ideally, the Tier represents the number of teams. In addition to the number of teams, last year’s actual expenses were considered. So, if your school has two teams, but one of them only played two games, your current year’s tier may have been reduced to limit the end of season credit on your account. If the number of teams for a specific sport has changed or the number projected home contests is more this year, please contact WOA to adjust. Tier 0 was created to address schools that had a team but did not play at least 50% of the allowable contests.

The WOA will invoice for a change in tier, as well as any services not covered by the membership fee at the conclusion of the season. Any credit remaining at the end of the school year will be refunded to the schools in a form of a credit for the next year or a check.
