534 SCHOOL MEALS POLICY

[Note: In 2021, the Minnesota legislature amended Minnesota Statutes section 124D.111, that now states that Minnesota school districts that participate in the national school lunch program must adopt a school meals policy].

[Note: This MSBA/MASA model policy is drafted to be consistent for all grade levels. However, local school districts may vary the meal charge policy for elementary, middle, and high schools.]

[Note: School districts must follow appropriate debt collection practices when attempting to recover unpaid meal charges.]

I. PURPOSE

The purpose of this policy is to ensure that students receive healthy and nutritious meals through the school district's nutrition program and that school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy of the school district is to provide meals to students in a respectful manner and to maintain the dignity of students by prohibiting lunch shaming or otherwise ostracizing the student. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day and minimize identification of students with insufficient funds to pay for school meals as well as to maintain the financial integrity of the school nutrition program.

II. PAYMENT OF MEALS

[Note: Payment systems and procedures will likely vary from school district to school district. The school district should select one of the following options and delete the remaining options.]

- A. All meal purchases are to be prepaid before meal service begins. Families may add money to students' accounts by paying online with a debit or credit card on the KMS website school store, at the school high school, elementary or district offices or by mailing payment for their family meal account. Family account balances may not charge more than \$-25.00 on their accounts. A student who does not have sufficient funds should bring an alternate meal to the school until their negative balance is paid.
- B. If the school district receives school lunch aid under Minnesota Statutes section 124D.111, it must make lunch available without charge to all participating students who qualify for free or reduced-price meals regardless of account balance.
- C. A student with an outstanding meal charge debt will be allowed to purchase a meal if the student pays for the meal when it is received.
- D. A student who has been determined to be eligible for free and reduced-price lunch always must be served a reimbursable meal even if the student has an outstanding debt.
- E. Once a meal has been placed on a student's tray or otherwise served to a student, the meal may not be subsequently withdrawn from the student by the cashier or other school official, whether or not the student has an outstanding meals balance.
- F. When a student has a negative account balance, the student will not be allowed to charge a snack item.

- G. If a parent or guardian chooses to send in one payment that is to be divided between sibling accounts, the parent or guardian must specify how the funds are to be distributed to the students' accounts. Funds may not be transferred between sibling accounts unless written permission is received from the parent or guardian.

III. LOW OR NEGATIVE ACCOUNT BALANCES – NOTIFICATION

- A. The school district will make reasonable efforts to notify families when meal account balances are low or fall below zero.
- B. Families will be notified of an outstanding negative balance once the negative balance reaches \$-25.00. Families will be notified by electronic email statements, mailed paper statements, text alerts or by phone.
- C. Reminders for payment of outstanding student meal balances will not demean or stigmatize any student participating in the school lunch program, including, but not limited to, dumping meals, withdrawing a meal that has been served, announcing or listing students' names publicly, or affixing stickers, stamps, or pins.

IV. UNPAID MEAL CHARGES

- A. The school district will make reasonable efforts to communicate with families to resolve the matter of unpaid charges. Where appropriate, families may be encouraged to apply for free and reduced-price meals for their children.
- B. The school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. Unpaid meal charges are designated as delinquent debt when payment is overdue, the debt is considered collectable, and efforts are being made to collect it.
- C. Negative balances of more than \$-25.00 will be turned over to the superintendent or superintendent's designee for collection. In some instances, the school district does use a collection agency to collect unpaid school meal debts after reasonable efforts first have been made by the school district to collect the debt. Collection options may include, but are not limited to, use of collection agencies, claims in the conciliation court, or any other legal method permitted by law.
- D. The school district may not enlist the assistance of non-school district employees, such as volunteers, to engage in debt collection efforts.
- E. The school district will not impose any other restriction prohibited under Minnesota Statutes section 123B.37 due to unpaid student meal balances. The school district will not limit a student's participation in any school activities, graduation ceremonies, field trips, athletics, activity clubs, or other extracurricular activities or access to materials, technology, or other items provided to students due to an unpaid student meal balance.

V. COMMUNICATION OF POLICY

- A. This policy and any pertinent supporting information shall be provided in writing (i.e., mail, email, back-to-school packet, student handbook, etc.) to:
 - 1. all households at or before the start of each school year;
 - 2. students and families who transfer into the school district, at the time of enrollment; and
 - 3. all school district personnel who are responsible for enforcing this policy.

- B. The school district will post this policy on the school district’s website, or the website of the organization where the meal is served, in addition to providing the required written notification described above.
- C. If the school district contracts with a third party for its meal services, it will provide the vendor with its school meals policy. The school district will ensure that any third-party provider with whom the school district enters into either an original or modified contract after July 1, 2021, adheres to the school district’s school meals policy.
