

Pesticide Management Notification Request

Dear Parent or Guardian;

A Minnesota state law went into effect in the year 2000 that requires schools to inform parents and guardians if they apply certain pesticides on school property.

Specifically, this law requires schools that apply these pesticides to maintain an estimated schedule of pesticide applications and to make the schedule available to parents and guardians for review or copying at each school office.

The long-term health effects on children from the application of such pesticides may not be fully understood. All pest control materials are chosen and applied according to labeling directions per Federal law.

If you would like to be notified prior to pesticide applications made on days other than those specified in the estimated schedule (excluding emergency applications), please complete and return the form below and mail to: Martin Heidelberg, PO Box 168, Kerkhoven, MN 56252. If you have any questions regarding this notice, please contact Martin Heidelberg at 264-1411.

Sincerely,

Martin Heidelberg
Superintendent

Request for Pesticide Notification
KMS Public Schools

I understand that the school will make available an estimated schedule of pesticide applications for review and copying at the school office. Should a pesticide application be scheduled on a day different from the day(s) specified in the original schedule. I would like to be notified. I understand that the school may ask me for reimbursement for the costs of notification.

I would prefer to be notified by (circle): Mail e-mail
