

**Kerkhoven Murdock Sunburg District  
Assessment Plan  
2023-2024**

The purpose of KMS Assessment plan is to outline the assessments K-11 grade students will be expected to take during the school year.

The Minnesota Comprehensive Assessment are administered to 3-11 grade students. The purpose of the MCA testing is to reflect the proficiency rates of students in Reading, Mathematics, and Science who attend the KMS Schools.

The Formative Assessments for Teachers (FAST) are administered to K-8 grade students. The purpose of the FAST testing is to reflect student National Percentile rank of student in Reading in Mathematics. If a student is below a target percentile, Reading and Mathematics research based interventions are provided to students in a Multi-Tiered System of Supports (MTSS) approach. The MTSS is an approach for enhancing the implementation of evidence-based practices to achieve important outcomes for every student.

If parents or community member have question and comments about the KMS Assessment Plan, please contact the KMS Elementary Principal, Jeffrey Keil, (320) 264-5021 or KMS High School Principal, Ted Brown, (320) 264-1921.

**MCA Testing Schedule 2023-2024**

<b>Third Grade</b>	<b>Dates</b>	<b>Approximate Length</b>
