

RWPS Chromebook Protection Plan

We know accidents happen. Red Wing Public Schools offers an optional Chromebook Protection Plan to reduce the liability to families/students **of students in grades 5-12**. The yearly plan can be purchased for \$15 per device, with a family cap of \$30. The district protection plan will repair or replace the device at significant savings to the student and his/her family, and it covers devices at school or home. This plan will cover the device from October 1, 2024, to September 30, 2025.

The Chromebook protection plan covers:

- Accidental damage (including drops, cracked or broken screens, spills & broken keys)
- Fire/Flood
- Theft (family is required to file a police report)
- Power surge due to lightning
- Natural disasters or perils: smoke, freezing, falling objects
- Mechanical failure

The Chromebook protection plan does not cover the following:

- Intentional damage
- Cosmetic damage that does not affect the function
- Damage due to submersion in liquid
- Loss of device

Over 900 Chromebooks were serviced last year.

The Protection Plan offers complete coverage for the first instance of covered damage. Additional instances of covered damage will incur a \$10 cost. All Chromebook parts are covered, including the battery, internal and external components, screen, external buttons, microphone jack, charger, etc. This includes parts and labor.

Cost Comparison:

	With Protection Plan	Without Protection Plan
1 st qualified repair	FREE	\$50
Each additional repair	\$10	\$50
1 st qualified replacement	FREE	\$315
Each additional replacement	\$10	\$315

If you are interested in enrolling in the Chromebook protection plan, please return the attached enrollment form to your child’s school office by no later than Sept. 30 (or within 30 days of enrolling in Red Wing Public Schools thereafter). Payment is also due by 9/30/24, and can be made one of two ways:
