WINTER/SPRING 2025

## What is ECFE?

ECFE classes are designed for all families with children ages birth to kindergarten enrollment. These classes offer a variety of learning opportunities for parents and their children. The Early Childhood Family Education classes offer play and learning activities appropriate for the age of the child, parent-child activities, and parent discussion groups.

ECFE recognizes that families are children's first and most significant teachers and that families provide children's first important learning environment. ECFE also helps children grow and develop, enriches family life, and provides information and support for your important role as a parent.
