Red Wing School District #256 Restrictive Procedures Plan

In accordance with Minnesota Statute 125A.0942, subd. 1, schools that intend to use restrictive procedures shall maintain and make publicly accessible in an electronic format on a school or district website or make a paper copy available upon request describing a restrictive procedures plan for children with disabilities. Restrictive Procedure means the use of physical holding or seclusion in an emergency. The plan specifically outlines the list of restrictive procedures the school intends to use; describes how the school will implement a range of positive behavior strategies; links to mental health services; how the district will provide training on de-escalation techniques, consistent with 122A.187, subd. 4; how the school will monitor and review the use of restrictive procedures, including post use debriefings, consistent with subd. 3 paragraph (a), clause (5); convening an oversight committee to undertake quarterly reviews of the use of restrictive procedures; and a written description and documentation of the training and staff that have completed the training under subd. 5. This plan is available upon request.

The Red Wing School District uses restrictive procedures only in response to behavior(s) that constitutes an emergency, even if written into a child's Individual Education Plan (IEP), Individual Family Support Plan (IFSP) or Behavior Intervention Plan (BIP).

A. Definitions

The following terms are defined as:

1. "Emergency" means a situation where immediate intervention is needed to protect a child or other individual from physical injury. Emergency does not mean circumstances such as; a child who does not respond to a task or request and instead places his or her head on a desk or hides under a desk or table; a child who does not respond to a staff person's request unless failing to respond would result in physical injury to the child or other individual; or an emergency incident has already occurred and no threat of physical injury currently exists.
2. "Physical holding" means physical intervention intended to hold a child immobile or limit a child's movement , where body contact is the only source of physical restraint, and where immobilization is used to effectively gain control of a child in order to protect a child or other individual from physical injury. The term physical holding does not mean physical contact that:
 - a. helps a child respond to a task;
 - b. assists a child without restricting the child's movement;
 - c. is needed to administer an authorized health related service or procedure; or

- d. is needed to physically escort a child when the child does not resist or the child's resistance is minimal.
3. "Positive behavioral interventions and supports" means interventions and strategies to improve the school environment and teach children the skills to behave appropriately, including the key components under section 122A.627.
4. "Prone restraint" means placing a child in a face down position.
5. "Restrictive Procedures" means the use of physical holding or seclusion in an emergency. Restrictive procedures must not be used to punish or otherwise discipline a child.
6. "Seclusion" means confining a child alone in a room from which egress is barred. Egress may be barred by an adult locking or closing the door in the room or preventing the child from leaving the room. Removing a child from an activity to a location where the child cannot participate in or observe the activity is not seclusion.

B. Staff Training – Requirements and Activities

Requirements

Training will be provided to district staff and contracted staff who use restrictive procedures, including paraprofessionals

Staff who design and use behavioral interventions will complete training in the use of positive approaches as well as restrictive procedures. All staff that use restrictive procedures in the Red Wing School District are trained in Crisis Prevention Institute (CPI) procedures. At the first sight of anxiety in a child you will need to become supportive (an empathetic, nonjudgmental approach attempting to alleviate anxiety). Staff who design and use behavioral interventions will complete training in the communicative intent of behaviors including the following:

1. Questioning – Questioning authority and attempting to draw staff into power struggles.
2. Refusal – Noncompliance / slight loss of rationalization.
3. Release – Acting out or emotional outburst.
4. Intimidation – Verbal or nonverbal threatening.
5. Tension Reduction – Drop in energy after a crisis situation.

Staff who design and use behavioral interventions will complete training in the following relationship building strategies:

Date of Plan: July 1, 2024

1. Building relationships with children when they are doing well.
2. Re-establishing relationships after children come back from a crisis.
Re-establishing rapport.
3. Provide children personal space.
4. Use appropriate nonverbal and paraverbal communication (tone, volume and cadence) when establishing relationships with children .

Staff who design and use behavioral strategies will complete training in the following alternatives to restrictive procedures, including techniques to identify events and environmental factors that may escalate behavior:

1. Recognizing anxiety.
2. Recognizing nonverbal behavior.
3. Giving children time and space to release.

Staff who design and use behavioral intervention strategies will complete training in the following de-escalation methods:

1. Time and space
2. Someone to talk with
3. Walk/Exercise/Movement

Staff who use restrictive procedures will implement the following standards for use:

1. Only as a last resort when a person is a danger to self or others.
2. Always maintaining the care, welfare, safety and Security of all.

Staff who design and use behavioral strategies will follow the Red Wing Crisis Plan in an emergency situation. Staff will also recognize that the physiological and psychological impact of physical holding and seclusion is different for all children. Staff must analyze, be aware of, and respond to this impact. Everyone being restrained should be considered "at risk". Interventions will be monitored for physical and psychological distress including the symptoms of and interventions that may cause potential asphyxia when physical holding is used.

Staff will be trained on district policies and procedures for timely reporting and documenting of each incident involving use of a restricted procedures;

Staff will be trained on schoolwide programs on positive behavior strategies at the district level.

Training records will identify the content of the training, attendees, and training dates. Goodhue County Education District #6051 will compile a list of all (CPI) training and forward attendance records to the district on a quarterly basis. The district will maintain records of additional training provided within the district. Records of all training will be maintained at each building site. See Appendix A and B for Site Trainings and Attendance Forms, respectively.

Restrictive procedures may be used only by a licensed special education teacher, school social worker, school psychologist, behavior analyst certified by the National Behavior Analyst Certification Board, a person with a master's degree in behavior analysis, other licensed education professional, paraprofessional under section 120B.363 or mental health professional under section 245.4871 subd. 27, who has completed the training program under subd. 5.

C. Restrictive Procedures Approved for Use

1. Physical holding or seclusion may be used only in an emergency. A school that uses physical holding or seclusion shall meet the following requirements:
 - a. physical holding or seclusion is the least intrusive intervention that effectively responds to the emergency;
 - b. physical holding or seclusion is not used to discipline a noncompliant child;
 - c. physical holding or seclusion ends when the threat of harm ends and the staff determines the child can safely return to the classroom or activity;
 - d. staff directly observes the child while physical holding or seclusion is being used;
 - e. each time physical holding or seclusion is used, the staff person who implements or oversees the physical holding or seclusion documents, as soon as possible after the incident concludes, the following information:
 - i. a description of the incident that led to the physical holding or seclusion;
 - ii. why a less restrictive measure failed or was determined by staff to be inappropriate or impractical;
 - iii. the time the physical holding or seclusion began and the time the child was released;
 - iv. a brief record of the child's behavioral and physical status; and

Date of Plan: July 1, 2024

- v. a brief description of the post-use debriefing that occurred as a result of the use of the physical hold or seclusion; and
- f. the room used for seclusion must:
 - i. be at least six feet by five feet;
 - ii. be constructed of non-combustible materials (interior finish for both walls and ceilings must be at least Class C (III) and have a minimum of one-hour fire rating, be well lit, well ventilated, adequately heated, and clean;
 - iii. have a window that allows staff to directly observe a child in seclusion;
 - iv. have tamper proof fixtures, electrical switches located immediately outside the door, and secure ceilings;
 - v. have doors that swing in the direction of egress travel from the seclusion room and are unlocked, locked with keyless locks that have immediate release mechanisms, or locked with locks that have immediate release mechanisms connected with activation of the automatic sprinkler system, automatic fire detection device, automatic fire alarm system, loss of electrical power, fire alarm trouble signal or operation of a manual switch; and
 - vi. have doors with a fire rating of at least 20 minutes;
 - vii. have locking mechanisms must fail in the unlocked position and when automatically unlocked, the lock must be designed to only re-lock by manual means;
 - viii. not contain objects that a child may use to injure the child or others;
 - ix. must be protected with quick response sprinklers; and
 - x. have locking arrangements tested monthly with the fire alarm and other interconnects to ensure the lock releases when required and stays released. The sprinkler system interconnect is checked annually with the sprinkler system test.
- g. before using a room for seclusion, a school must:
 - i. receive written notice from local authorities that the room and the locking mechanisms comply with the applicable building, fire, and safety codes; and
 - ii. register the room with the commissioner, who may view that room.

Physical Holdings

Safety Intervention Disengagement Skills are utilized to keep all individuals safe from injury when a staff member is confronted with risk behaviors.

Disengagement Skills are designed to maximum safety and minimize harm. To expand on the disengagement skills, restrictive procedures are used as a last resort when necessary for safety. Safety Interventions Holding Skills include: Transportation, Seated Position, Standing Position, Standing Position Team Control and Children's Control Position. Each restrictive procedure has a "Lower-Level Holding", "Medium-Level Holding" and "Higher-Level Holding".

All buildings in the Red Wing School District intend to use the following types of physical holding when trained in CPI: Children's Control, Team Control, Transportation Position, Interim Control. Training and monitoring by a qualified CPI Instructor will be provided to staff using these procedures.

Seclusion

The Red Wing School District does not intend to use any seclusion.

Notification to Parents

A school shall make:

1. Reasonable efforts to notify the parent on the same day a restrictive procedure is used on the child; or
2. If unable to provide same-day notice, notice is sent within two days by written or electronic means; or as otherwise indicated by the parent in the child's IEP, IFSP or BIP.

Reporting Requirements for Using Restrictive Procedures

Goodhue County Education District must report summary data to MDE by July 1st of the current school year on districts' use of restrictive procedures during that school year, including data on:

1. The number of incidents involving restrictive procedures;
2. The total number of children on which restrictive procedures were used;
3. The number of resulting injuries;
4. Relevant demographic data on the children and school;
5. Any disproportionate use of restrictive procedures based on race, gender, or disability status;

Date of Plan: July 1, 2024

6. The role of the school resource officer or police in emergencies; and
7. Other relevant data collected by the district.

Within 24 hours after a child with a disability suffers death or serious injury, the Goodhue County Education District must notify the Office of the Ombudsman of the death or serious injury. Reports of death or serious injury may be done by faxing a completed form to the Office of the Ombudsman.

Reporting Requirement – Serious Injury

“Serious Injury” means:

1. Fractures;
2. Dislocations;
3. Evidence of internal injuries;
4. Head injuries with loss of consciousness;
5. Lacerations involving injuries to tendons or organs and those for which complications are present;
6. Extensive second-degree or third-degree burns, and other burns for which complications are present;
7. Extensive second-degree or third-degree frostbite, and others for which complications are present;
8. Irreversible mobility or avulsion of teeth;
9. Injuries to the eyeball;
10. Ingestions of foreign substances and objects that are harmful;
11. Near drowning;
12. Heat exhaustion or sunstroke; and
13. All other injuries considered serious by a physician*

Additionally, the Office of the Ombudsman asks that instances of self-injurious behaviors (SIB) or suicide attempts be reported to the Office when the injury results in hospitalization of the child or the need for medical treatment.

**further defined by the Office of the Ombudsman to include complications of a previous injury, complications of medical treatment, and other.*

D. Prohibited Procedures

The following actions or procedures are prohibited.

1. Engaging in conduct prohibited under 121A.58;
2. Requiring a child to assume and maintain a specified physical position, activity, or posture that induces physical pain;
3. Totally or partially restricting a child's senses as punishment;
4. Presenting an intense sound, light, or other sensory stimuli using smell, taste, substance, or spray as punishment;
5. Denying or restricting a child's access to equipment and devices such as walkers, wheelchairs, hearing aids, and communication boards that facilitate a child's functioning, except when temporarily removing the equipment or device is needed to prevent injury to the child or others or serious damage to the equipment or device, in which case the equipment or device shall be returned to the child as soon as possible;
6. Interacting with a child in a manner that constitutes sexual abuse, neglect, or physical abuse under chapter 260E;
7. Withholding regularly scheduled meals or water;
8. Denying the child access to bathroom facilities;
9. Physical holding that restricts or impairs a child's ability to breathe, restricts or impairs a child's ability to communicate distress, places pressure or weight on a child's head, throat, neck, chest, lungs, sternum, diaphragm, back, abdomen, or results in straddling a child's torso;
10. Prone restraint; and
11. The use of seclusion on children from birth through grade 3 by September 1, 2024.

E. Documentation of Physical Holding and/or Seclusion

Annually, stakeholders may, as necessary, recommend to the commissioner specific and measurable implementation and outcome goals for reducing the use of restrictive procedures and the commissioner must submit to the legislature a report on districts' progress in reducing the use of restrictive procedures that recommends how to further reduce these procedures and eliminate the use of seclusion. The statewide plan includes the following components: measurable goals; the resources, training, technical assistance, mental health services, and collaborative efforts needed to significantly reduce districts' use of seclusion; and recommendations to clarify and improve the law governing districts' use of

restrictive procedures. The commissioner must consult with interested stakeholders when preparing the report, including representatives of advocacy organizations, special education directors, teachers, paraprofessionals, intermediate school districts, school boards, day treatment providers, county social services, state human services department staff, mental health professionals, and autism experts. Beginning with the 2016-2017 school year, in a form and manner determined by the commissioner, districts must report data quarterly to the department by January 15, April 15, July 15, and October 15 about individual children who have been secluded. By July 15 each year, districts must report summary data on their use of physical holds to the department for the prior school year, July 1 through June 30, in a form and manner determined by the commissioner. The summary data must include information about the use of restrictive procedures, including use of reasonable force under section 121A.582.

The use of restrictive procedures in emergency situations will be documented through the use of the Restrictive Procedures Physical Holding Form (see Appendix D), Restrictive Procedures Seclusion Form (see Appendix E) and the Staff Debriefing Meeting Form (see Appendix F).

F. Documentation of Post-use Staff Debriefing Meeting

Each time physical holding or seclusion is used, the staff person who implemented or oversaw the physical holding or seclusion shall document as soon as possible after the incident concluded and conduct a post-use debriefing with involved staff within 2 school days of the incident after the restrictive procedure concludes. There will be at least one staff member attending the debriefing meeting who was not involved in the incident and has knowledge of behaviors. A copy of the Restrictive Procedures Physical Holding Form (see Appendix D), Restrictive Procedures Seclusion Form (see Appendix E) and the Staff Debriefing Meeting form (see Appendix F) will be sent to: the child's case manager, the building principal, the Goodhue County Education District Director, and a copy placed in the child's due process file. The Goodhue County Education District Director will keep a comprehensive file of all restrictive procedure forms to be used by the Building Oversight Committee (see Appendix G for list of committee members).

If the post-use debriefing meeting reveals that the use of physical holding or seclusion was not used appropriately, the Building Oversight Committee will convene immediately to ensure corrective action is taken. The Building Oversight Committee will review and evaluate the Restrictive Procedures Physical Holding form (see Appendix D), Restrictive Procedures Seclusion form (see Appendix E), and Staff Debriefing Meeting form (Appendix F) to determine and recommend training needs.

G. Documentation for an Individual Education Plan (IEP) or an Individual Family Support Plan (IFSP)

The use of restrictive procedures in response to an emergency may be documented in the child's IEP, IFSP or a behavior intervention plan (BIP) attached to the IEP or IFSP. Reviews will be conducted in accordance with MN Statute which requires the district will hold a meeting of the IEP or IFSP team, conduct or review a functional behavioral analysis, review data, consider developing additional or revised positive behavioral interventions and supports, consider actions to reduce the use of restrictive procedures, and modify the IEP, IFSP or BIP as appropriate. The district must hold the meeting; within ten calendar days after district staff use restrictive procedures on two separate school days within 30 calendar days or a pattern of use emerges and the child's IEP, IFSP or BIP does not provide for using restrictive procedures in an emergency; or at the request of a parent or the district after restrictive procedures are used. The district must review use of restrictive procedures in an emergency. If the IEP or IFSP team determines that existing interventions and supports are ineffective in reducing the use of restrictive procedures or the district uses restrictive procedures on a child on ten or more school days during the same school year, the team, as appropriate, either must consult with other professionals working with the child; consult with experts in behavior analysis, mental health, communication, or autism; consult with culturally competent professional; review existing evaluations, resources, and successful strategies; or consider whether to reevaluate the child. At the meeting the team will review any known medical or psychological limitations, including any medical information the parent provides voluntarily, that contraindicate the use of a restrictive procedure, consider whether to prohibit that restrictive procedure, and document any prohibition in the IEP, IFSP or BIP.

Record retention will be in accordance with district policies on student records.

H. Building Oversight Committees

The Building Oversight Committee will meet quarterly to review data provided in the Restrictive Procedures Physical Holding form (see Appendix D), Restrictive Procedures Seclusion form (see Appendix E), and the Staff Debriefing Meeting form (see Appendix F). The Committee will complete the Building Oversight Committee Review Form (see Appendix H). The Building Oversight Committee will also complete the Annual Summary of Use of Restrictive Procedures form (see Appendix J). The Building Oversight Committee will make recommendations in regards to the District's Restrictive Procedures Plan and, if necessary, indicate training needs and establish a plan for addressing Committee recommendations.

If a post-use debriefing meeting reveals that the use of physical holding or seclusion was not used appropriately, the Building Oversight Committee will convene immediately to ensure corrective action is taken. The Building Oversight Committee will review and evaluate the Restrictive Procedures Physical Holding form (see Appendix D), Restrictive Procedures Seclusion form (see Appendix E), and the Staff Debriefing Meeting form (see Appendix F) to determine and recommend training needs.

I. Emergency Situations – Use of Restrictive Procedures

The Red Wing School District shall make reasonable efforts to notify the parent on the same day when restrictive procedures are used in an emergency. If the school is unable to provide same-day notice, notice will be sent by written or electronic means or as otherwise indicated by the parent. Documentation of how the parent wants to be notified when a restrictive procedure is used may be found in the IEP, IFSP or BIP.

Building administrators will receive written notification when restrictive procedures are used in emergency situations. Records will be reviewed and summarized annually.

J. Positive Behavior Strategies

The district is committed to using positive behavioral interventions and supports. Positive behavior interventions and supports (PBIS) means intervention and strategies to improve the school environment and teach children the skills to behave appropriately.

Each building in the Red Wing School District uses the following practices and procedures to teach expected behaviors and provide additional positive supports to children requiring further intervention:

In the Fall of 2010, a school-wide behavior plan was implemented which continues to be a staple at each building. The plan is implemented by all staff. The items listed below were the most important attributes of this plan.

1. Assist the school/site (i.e. administrators, teachers, children , and support staff) in reaching academic and behavioral benchmarks and goals.
2. Create a positive learning environment throughout the school/site.
3. Teach that all activities and curricula in the school/site are positive actions, including: reading, writing, math, nutrition, social skills, etc.
4. Develop a caring environment that is free of disruptive behavior, bullying, substance use, and violence. In creating a school wide plan with input from all staff we were able to garner and maintain staff buy-in throughout

the process. We continue to expand and strengthen our system in the use of research based positive behavior interventions and an increased collection and use of data.

5. PBIS correlates with both our staff development goals and district AYP plans. Research, as cited multiple times on the PBIS website, indicates that academic achievement increases as behavioral referrals decrease. As part of our efforts to increase academic achievement and meet benchmarks, we understand the importance of having a cohesive and research driven response to children and staff behavior. During this past year we have also had extensive training on Professional Learning Communities (PLC). Having a strong PLC model allows us to examine and get our hands around issues that face us as we strive to increase child performance. PLCs also give us a vehicle to expand the knowledge base and implementation of new initiatives such as the implementation of PBIS.

K. Mental Health Supports and Services

One of the very first needs identified by The Mental Health Coalition of Goodhue County was a comprehensive mental health resource guide. These guides aim to increase mental health literacy and knowledge about how to access services. There are three guides: one for the community, one for school staff, and another for parents and caregivers. Visit gced.k12.mn.us, click on Resources then Mental Health for more information.

Nothing in this plan precludes the use of reasonable force under sections 121A.582; 609.06, subdivision 1; and 609.379. Any reasonable force used under sections 121A.582; 609.06, subdivision 1; and 609.379 which intends to hold a child immobile or limit a child's movement where body contact is the only source of physical restraint or confines a child alone in a room from which egress is barred shall be reported to the Department of Education as a restrictive procedures, including physical holding or seclusion used by an unauthorized or untrained staff person.

To meet the requirements of 125A.0942, staff using **restrictive procedures** will complete training in the following areas.

Skills and Knowledge Areas	Colvill	Sunnyside	Burnside	Twin Bluff	Red Wing High School
1. Positive behavioral Interventions	*CPI	*CPI	*CPI	*CPI	*CPI
2. Communicative intent of behavior	*CPI	*CPI	*CPI	*CPI	*CPI

The Red Wing School District does not have any rooms used for seclusion. Nor do they intend to create such a room in any subsequent year. For this reason, there is not a requirement for a State Fire Marshall Inspection.

Use of Restrictive Procedure - Physical Holding

Student Name: _____ ID: _____ DOB: _____ Grade: _____

School: _____ Date of Incident: _____

Ethnicity: Is the student Hispanic? Yes No What is the student's Race? (choose one or more)

American Indian or Alaska Native Asian
 Black or African American White
 Native Hawaiian or Pacific Islander

Directions: The staff person who implemented or oversaw a physical hold must complete this form each time a physical hold is utilized.

Staff Involved:

Name:	Position:	Role:	Trained:
_____			<input type="checkbox"/> Yes <input type="checkbox"/> No
_____			<input type="checkbox"/> Yes <input type="checkbox"/> No
_____			<input type="checkbox"/> Yes <input type="checkbox"/> No
_____			<input type="checkbox"/> Yes <input type="checkbox"/> No
_____			<input type="checkbox"/> Yes <input type="checkbox"/> No

Person completing form: _____ Title: _____

EMERGENCY

Was physical holding used to protect the student or others from physical injury? Yes No

Description of the emergency situation:

Description of the incident that led to the physical holding:

PHYSICAL HOLDING

Description of the physical holding and a brief description of the student's behavioral and physical status:

Was physical holding the least intrusive intervention to effectively respond to the emergency? Yes No
Explain why a less restrictive intervention failed or was determined by staff to be inappropriate or impractical:

Did physical holding end when the threat of harm ended and staff determined that the student could safely return to the classroom or activity? Yes No

Explain:

Did staff directly observe the child during physical holding? Yes No

Explain:

Did staff sustain an injury as a result of the physical holding: Yes No

Did the student sustain an injury as a result of the physical holding? Yes No

Time physical holding began: _____ Ended: _____ Total time: _____

Removal From School

Was the student removed from school by a police officer at the request of school personnel? Yes No

Parent Notification

Parents must be notified the same day a restrictive procedure is used. A written or electronic notice must be sent home within two (2) days if unable to notify on the same day.

Parent: _____ Date: _____ Time: _____

Notified by: _____

How notified: _____

Use of Restrictive Procedure - Seclusion

Student Name: _____ ID: _____ DOB: _____ Grade: _____

School: _____ Date of Incident: _____ Gender: _____

Ethnicity: Is the student Hispanic? Yes No What is the student's Race? (choose one or more)

American Indian or Alaska Native Asian
 Black or African American White
 Native Hawaiian or Pacific Islander

Directions: Complete this form whenever a seclusion is used. All students must be monitored by an adult at all times. End the intervention when the threat of harm ends and staff determine that the student can safely return to the classroom or activity. A debriefing meeting must be held within two (2) days and a Staff Debriefing Meeting form completed..

Staff Involved:

Name:	Position:	Role:	Trained:
_____			<input type="checkbox"/> Yes <input type="checkbox"/> No
_____			<input type="checkbox"/> Yes <input type="checkbox"/> No
_____			<input type="checkbox"/> Yes <input type="checkbox"/> No
_____			<input type="checkbox"/> Yes <input type="checkbox"/> No
_____			<input type="checkbox"/> Yes <input type="checkbox"/> No

Person completing form: _____ Title: _____

EMERGENCY

Was seclusion used to protect the student or others from physical harm? Yes No

Description of the emergency situation:

Description of the incident that led to seclusion:

SECLUSION

Location of the seclusion room:

Did the room meet the requirements of a room used for seclusion? Yes No

Did the room contain objects that a student may use to injure themselves or others? Yes No

Provide a brief description of the student's behavior and physical status during seclusion:

Was seclusion the least intrusive intervention to effectively respond to the emergency? Yes No
Explain why a less restrictive intervention failed or was determined by staff to be inappropriate or impractical:

Did seclusion end when the threat of harm ended and staff determined that the student could safely return to the classroom or activity? Yes No
Explain:

Did staff directly observe the child during the seclusion? Yes No
Explain:

Did staff sustain an injury as a result of the seclusion? Yes No
Did the student sustain an injury as a result of the seclusion? Yes No

Time seclusion began: _____ Ended: _____ Total time: _____

Removal From School

Was the student removed from school by a police officer at the request of school personnel? Yes No

Parent Notification

Parents must be notified the same day a restrictive procedure is used. A written or electronic notice must be sent home within two (2) days if unable to notify on the same day.

Parent: _____ Date: _____ Time: _____

Notified by: _____

How notified: _____

Red Wing School District #256 Staff Debriefing Meeting

Student Name: _____ DOB: _____ Building: _____

Date of Debrief: _____ Date of Incident: _____

Student on an IEP: Yes ___ No ___

BIP in Place: Yes ___ No ___

Was IEP followed: Yes ___ No ___

Was BIP followed: Yes ___ No ___

If answered no, explain why:

Signatures of staff attending debrief (should include at least one person not involved in the incident who has knowledge of behavior). Circle the Facilitator's signature:

Involved Staff: _____

Identify the antecedents, triggers and proactive interventions used prior to escalation. Briefly describe the impact of the less restrictive interventions. What behavior did the student exhibit to require a restrictive procedure? Was the intervention used to protect the child/others from injury or to prevent serious property damage? Describe student and staff behavior during the intervention.

What actions helped/what did not help?

Describe the procedure used to return the child to his/her routine activity, education setting, intervention, and/or site determined by the team, BIP and/or administrator.

Was the hold/seclusion an emergency? Yes ___ No ___

Was the hold/seclusion least intrusive? Yes ___ No ___

Did the hold/seclusion end when the threat of harm ended? Yes ___ No ___

Is corrective action needed? Yes ___ No ___

Is the behavior likely to occur again? Yes ___ No ___

Follow-up action (to prevent need for future restrictive procedures):

Behavior History:

Other restrictive procedures used in the last 4 months? Yes ___ No ___

Restrictive procedures used twice in a month? Yes ___ No ___

Does the team see this as a pattern? Yes ___ No ___

Does the child's IEP team need to meet? Yes ___ No ___

Place a copy of these forms in the Child's Due Process File.

Send copies to the case manager, building administrator, assistant director, & GCED Director.

Red Wing School District #256
Building Oversight Committee Members
2024-2025

The Building Oversight Committee will meet quarterly to complete the Review Form (Appendix I) based on data provided in the Restrictive Procedures Physical Holding Form (Appendix D) and the Staff Debriefing Meeting Forms (Appendix F). The Committee will also complete the Annual Summary of Use of Restrictive Procedures form (Appendix J) and establish a plan for addressing Committee recommendations. The Building Oversight Committee may be called together at other times to address the inappropriate use of physical holding and/or seclusion and determine and recommend training needs. The Building Oversight Committee will also ensure IEP meetings are conducted in a timely manner.

Colvill Oversight Committee Members

Kayla Awolope, Asst. Director of Special Education
Becky Norton, Early Childhood Coordinator
Melissa Zenzen, Early Childhood Teacher
Molly Paulson, School Psychologist

Sunnyside Oversight Committee Members

Carrie Hansen, Asst. Director of Special Education
Tricia Perau, Student Support Coordinator
Molly Paulson, School Psychologist
Karin Meyer, Special Education Teacher
Analise Dressen, Social Worker

Burnside Oversight Committee Members

Carrie Hansen, Asst. Director of Special Education
Jordan Flynn, Student Support Coordinator
Michelle Lundberg Bogner, School Psychologist
Jane Wassink, Social Worker

Twin Bluff Oversight Committee Members

Carrie Hansen, Asst. Director of Special Education
Bobbie Seleski, Assistant Principal
Michelle Lundberg Bogner, School Psychologist
Tiffany Vikdal, Special Education Teacher

Red Wing High School Oversight Committee Members

Kayla Awolope, Asst. Director of Special Education

Lexi Walker, School Psychologist
Kari Matties, Special Education Teacher

Summary of Restrictive Procedures Form Physical Holding

Frequency of Use:	Increase	Decrease	Same		
Duration of Use:	Increase	Decrease	Same		
Were the positive interventions consistently used prior to use of a restrictive procedure?	Yes	No			
Were parents notified the same day of the procedure or w/in 2 days (written or electronic)?	Yes	No		Explain:	
Was an IEP meeting scheduled?	Yes	No			

Summary of Staff Debriefing Meeting forms:

	Yes	No	Specify		
Is there a pattern of antecedents?	Yes	No	Specify		
Is there a pattern of behaviors?	Yes	No	Specify		
Is there a pattern of staff response?	Yes	No	Specify		
Is there a pattern of interventions that helped return this student to his/her routine activities?	Yes	No			
Is there a pattern of interventions that escalated student behaviors?	Yes	No		Explain:	
Were procedures routinely discontinued when threat of harm ended?	Yes	No			
Were procedures routinely used only in an emergency?	Yes	No			

Members of the Review Team:

Red Wing School District #256 Annual Summary of Use of Restrictive Procedures

School: _____ Date: _____

Staff Training:

How many staff members received the required CPI training in your building? _____

Did any untrained staff participate in a restrictive procedure? Yes No If yes, what was the rationale? _____

Physical Holding:

How many physical holdings were used during the school year? _____

Were physical holdings used only in response to an "Emergency?" Yes No

If the answer is "no," explain why and the corrective action taken: _____

Prohibited Use:

Did the debriefing teams find incorrect or prohibited use of a restrictive procedure? Yes No

If "yes," what corrective action was taken: _____

Building Oversight Committee Recommendations for the Next Year (include training): _____

Goodhue County Education District
Restrictive Procedures Oversight Committee

Members Present: _____ Date: _____ Start: _____ Stop: _____

Agenda: Review RP data collected. Identify frequency of RP by student, school, and type of procedure. Determine if any RP were used in a non-emergency situation, review injuries if they occur, and if any additional staff training is necessary. When multiple RP have been implemented with one student, patterns or problems will be explored concerning: time of day, day of week, duration, individuals involved, or any other factor where similarities may be established. Trends in data will be reviewed and compared to historical data. Proposals will be made to minimize the use of RP in the district.
