What is ECFE?

Early Childhood Family Education (ECFE) classes are designed for all families with children ages birth to kindergarten enrollment. ECFE recognizes that families are children's first and most significant teachers and that families provide children's first important learning environment. ECFE also helps children grow and develop, enriches family life, and provides information and support for your important role as a parent.

Intro to Fencing, Ages 8+ **NEW!**

Kailan Anthony Benford

Fencing is a vigorous sport that develops stamina, quick reactions, speed, accuracy of movement and excellent coordination. More than a game, fencing requires a mental attitude of self-discipline involving total manipulation of mind and body in perfect harmony. It utilizes natural body movement to create simple and effective self-protection techniques with the sword. All participants are encouraged to have fun no matter what their ability. Attacking, defense, timing and intense tactics are all integrated into this beginning class. We can provide fencing gear. Fencers should come dressed comfortably (for freedom of movement) including long sweat pants and running shoes.
