## **AHERA**

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which mandated the Asbestos-Containing Materials in Schools Rule, 40 CFR Part 763. It requires all primary and secondary school buildings to be inspected by AHERA accredited inspectors and to identify all asbestos-containing building materials. The rule further requires the development of a management plan by an AHERA accredited management planner that is based on the findings of the inspection. The management plan outlines our intent in controlling the potential for exposure to asbestos fibers in our school. In February 2001, Hawaii Administrative Rules Chapter 11-502 was adopted by the Hawaii State Legislature. These rules essentially mirror the requirements of the AHERA regulations. In both cases, the rule requires our school to notify parents, teachers, and employees of the presence and status of asbestos containing material in our school buildings.

The initial inspection of our school was conducted in 1958 and identifies some asbestos-containing materials. Since that time, we continue to conduct periodic surveillances and triennial re-inspections to ensure that the asbestos-containing materials remain in good condition and do not pose a hazard to our students and staff. An asbestos management plan was drafted based on our initial inspection and submitted to the Hawaii State Department of Health. It outlines in detail the methods we will use to maintain the material in a safe manner. The management plan is updated regularly as asbestos is removed or conditions change. A copy of the management plan is on file in the administrative office and is available for your review during our regular school hours. Should you have any questions, please call the school at 808-305-0500.

## **Annual Notice of Non-Discrimination and Anti-Harassment Statement**

The Hawaii State Department of Education (Department) does not discriminate on the basis of race, color, national origin, ancestry, sex, gender identity, gender expression, sexual orientation, age, disability, and religion. This requirement extends to all of the Department's programs and activities, including employment and admissions as applicable. If you have difficulty understanding English, you have the right to receive language assistance at no cost to you. Please contact your school's principal for more information. For the Department high schools that offer Career and Technical Education (CTE) Programs of Study in arts and communications, business, health services, industrial and engineering technology, natural resources, and public and human services, there are no admission criteria. Department high schools will take steps to assure that the lack of English language skills will not be a barrier to admission and participation in CTE programs and will provide equal access to designated youth groups. The Department does not tolerate acts of harassment on the basis of race, color, national origin, ancestry, sex, gender identity, gender expression, sexual orientation, age, disability, and religion. Any student who believes that he or she has been subjected to harassment on the basis of race, color, national origin, ancestry, sex, gender identity, gender expression, sexual orientation, age, disability, and religion is encouraged to report such harassment. Students and parents may report allegations of discrimination or harassment to the school's administrator or to the Department's Civil Rights Compliance Branch at the address listed below. The Department is committed to conducting prompt investigations. Support, including counseling and educational resources, will be available to students who are harassed as well as to students found to have engaged in acts of harassment on the basis of race, color, national origin, ancestry, sex, gender identity, gender expression, sexual orientation, age, disability, and religion. Students found to have engaged in harassment may be disciplined up to and including suspension if circumstances warrant. Students, parents, and Department staff should work together to prevent harassment on the basis of race, color, national origin, ancestry, sex, gender identity, gender expression, sexual orientation, age, disability, and religion. The Department will not tolerate retaliation for reporting discrimination and/or harassment on the basis of race, color, national origin, ancestry, sex, gender identity, gender expression, sexual orientation, age, disability, and religion, and will take steps to protect those who wish to report the discrimination or harassment.
