Japan Super Science Fair 2022

Ritsumeikan High School has hosted the annual Japan Super Science Fair (JSSF) since 2002. This year, JSSF will be held in-person in Kyoto, Japan. High school students who love science from all over the world will join together in the hopes that they can build a wonderful network and create a bright future together through this opportunity.

Participants Takeo Swallow, Jefferson Young and Shade Matsumoto

FAFSA : Starting October 1st, the FAFSA application opens.

Many colleges, universities and scholarships from organizations require students to have completed the FAFSA in order to be eligible. Merit based scholarships are not determined by financial need but by academic excellence. Many students lose out on opportunities such as these because they did not complete the FAFSA. The final decision on what to accept from the Federal Government and college is up to your student and family. Please look over the financial aid package from the colleges very carefully. And finally, please be cautious of any organization or individual that approaches you with the promise of finding any additional monies, loan forgiveness, scholarships, or helping you find colleges especially if they charge a fee. Many of the paid services they offer can be done or found for free. Please do not hesitate to contact our College and Career Office at 305-0556 if you have any questions or visit the FAFSA website regarding this topic: <https://studentaid.ed.gov/sa/types/scams#dont-pay-for-fafsa>

Thank you, Lisa Hayashi / Sandra Yoshida – College and Career Guidance Counselors 808-305-0556

Club Information

Future Farmers of America

FFA is a dynamic youth organization that changes lives and prepares members for premier leadership, personal growth and career success through agricultural education. FFA is not just for students who want to be production farmers; FFA also welcomes members who aspire to careers as teachers, doctors, scientists, business owners and more. FFA continues to help the next generation rise up to meet those challenges by helping its members to develop their own unique talents and explore their interests in a broad range of agricultural career pathways. All students in AFNR classes are invited to join Kalani FFA. Chapter meetings will be announced in class.

Japan Club

Hey Falcons! If you are interested in learning about Japanese culture, come and check out Kalani's Japan Club! We teach members about a wide variety of Japanese food, festivals, games and more through interactive activities and creative events. It's a fun opportunity for students to interact with each other and learn something new so we hope your child decides to become part of our Japan Club family! Please note it is not a requirement for your child to speak Japanese or be enrolled in a Japanese class to be eligible to join. Meetings are on Thursdays after school in C23. Hope to see you there!

DECA

All business pathway students have the opportunity to join the Kalani DECA Chapter. Membership information will be shared throughout all business courses. DECA is a student organization that is nationally and internationally recognized in preparing emerging leaders and entrepreneurs to be college and career ready.

Key Club

Key Club is a club that focuses on community service, providing a great opportunity to learn how to give back to the community. The club often works with Key Clubs from other schools, allowing students to meet new people. It is a great way to form bonds, learn how to become a leader, and make a difference. If interested, please contact Ms. Takayesu at takayesu@kalanihs.org or view one of the Key Club flyers that are displayed around campus for more information.

Laulea

Laulea is an inclusive, school-based club for students of all abilities. With the support of Special Olympics Hawaii School Programs, students with and without intellectual disabilities have the opportunity to participate together in social and recreational activities. Laulea provides opportunities to build student character, increase acceptance of disabilities, and develop leadership and other skills in an inclusive setting.

HOSA

The Health Occupational Students of America chapter here at Kalani High School strives to provide their members with experiences that they can't typically obtain in a classroom setting. Through the club, HOSA members can develop professional social connections and gain real world experience within different work environments through volunteering and engaging teamwork opportunities. HOSA typically reaches out to groups within the community, especially in medical related fields, to offer our members a glimpse into potential careers they might want to pursue. By encouraging our members to participate in such activities it motivates them to make the most of their high school years.

Speech and Debate Club

The Speech and Debate Club focuses on various aspects of speech and presenting. Members will be able to practice public speaking skills and participate in engaging debates with their peers. Our club allows for a safe space for students to have fun debates outside of a classroom environment, whilst improving their oratory skills.

Test Prep Club

Looking for free help preparing for the SAT or ACT?

Consider joining the Test Prep Club where experienced test takers, current Kalani students, go over advice, lecture strategies, and provide practice tests to prepare you for these standardized tests! Please join our [google classroom](#) (Class Code: fysop4m) for more information, and fill out the google form that is posted in our google classroom to let us know your potential test dates so we can host tutoring sessions. *Be sure to be signed into your @kalanihs.org gmail account.*

Dual Credit

Please see Mr. Zane in the library for more information regarding Dual Credit (Running Start / Early College) classes.

AHERA

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which mandated the Asbestos-Containing Materials in Schools Rule, 40 CFR Part 763. It requires all primary and secondary school buildings to be inspected by AHERA accredited inspectors and to identify all asbestos-containing building materials. The rule further requires the development of a management plan by an AHERA accredited management planner that is based on the findings of the inspection. The management plan outlines our intent in controlling the potential for exposure to asbestos fibers in our school. In February 2001, Hawaii Administrative Rules Chapter 11-502 was adopted by the Hawaii State Legislature. These rules essentially mirror the requirements of the AHERA regulations. In both cases, the rule requires our school to notify parents, teachers, and employees of the presence and status of asbestos containing material in our school buildings.

The initial inspection of our school was conducted in 1958 and identifies some asbestos-containing materials. Since that time, we continue to conduct periodic surveillances and triennial re-inspections to ensure that the asbestos-containing materials remain in good condition and do not pose a hazard to our students and staff. An asbestos management plan was drafted based on our initial inspection and submitted to the Hawaii State Department of Health. It outlines in detail the methods we will use to maintain the material in a safe manner. The management plan is updated regularly as asbestos is removed or conditions change. A copy of the management plan is on file in the administrative office and is available for your review during our regular school hours. Should you have any questions, please call the school at 808-305-0500.
