Vision: Character. Compassion. Community.

**Mission : We at Kalani High School create opportunities to discover our passions, purpose, and personal pursuits.
"A vision is not just a picture of what could be; it is an appeal to our better selves, a call to become something more."**

Ne'epapa: Educating our Future

To move as a whole or unit; moving or working together in unison

Happy Thanksgiving

In today's crazy world, turned upside down during the pandemic, it is important to take a moment to appreciate the blessings you do have. Spend time with family and friends and take time to say thank you to those that matter.

Wishing you nothing but the best throughout the holiday season. Mitchell Otani - Principal

Seniors

Parents of Seniors:

The Personal Transition Plan (PTP) is a 0.5 graduation credit requirement for all high school students. It is each student's plan of action to transition from high school to college and careers. Please double check with your senior child that he/she has completed his/her PTP requirement. If you are unsure, please email Mrs. Kacy Sumikawa, Class of 2023 counselor at ksumikawa@kalanihs.org.

AHERA

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which mandated the Asbestos-Containing Materials in Schools Rule, 40 CFR Part 763. It requires all primary and secondary school buildings to be inspected by AHERA accredited inspectors and to identify all asbestos-containing building materials. The rule further requires the development of a management plan by an AHERA accredited management planner that is based on the findings of the inspection. The management plan outlines our intent in controlling the potential for exposure to asbestos fibers in our school. In February 2001, Hawaii Administrative Rules Chapter 11-502 was adopted by the Hawaii State Legislature. These rules essentially mirror the requirements of the AHERA regulations. In both cases, the rule requires our school to notify parents, teachers, and employees of the presence and status of asbestos containing material in our school buildings.

The initial inspection of our school was conducted in 1958 and identifies some asbestos-containing materials. Since that time, we continue to conduct periodic surveillances and triennial re-inspections to ensure that the asbestos-containing materials remain in good condition and do not pose a hazard to our students and staff. An asbestos management plan was drafted based on our initial inspection and submitted to the Hawaii State Department of Health. It outlines in detail the methods we will use to maintain the material in a safe manner. The management plan is updated regularly as asbestos is removed or conditions change. A copy of the management plan is on file in the administrative office and is available for your review during our regular school hours. Should you have any questions, please call the school at 808-305-0500.
