SUPPORT FOR OUR CAFETERIA STAFF

It is lunch count time! Please help by purchasing lunch and/or breakfast during the month of August and September! Just as the teacher positions are determined by the number of students enrolled, the cafe positions also determined by the number of meals served.

Federal Survey Cards

The Department of Education is asking parents to complete Federal Impact Aid Survey Card. They are requiring schools to have a 100% participation rate. The information received enables schools to receive funding that benefits all public schools statewide.

Parents urged to complete federal Impact Aid survey card, funding benefits all public schools statewide

HONOLULU – The Hawaii State Department of Education (HIDOE) will be sending a U.S. Department of Education Federal Survey Card home with Hawaii's public school students for parents to complete beginning Wednesday, September 7, 2016.

Completed Impact Aid Program survey cards allow HIDOE to qualify for a partial reimbursement for educating federally connected students, such as children whose parents work or live on federal property. The program was created to assist school districts that lose tax revenues (e.g. income, sales and property taxes) due to a federal presence. Received funds go to all local school districts, just like local property taxes, and can be used to hire teachers, purchase textbooks and computers, pay for utilities and more. Parents are strongly urged to complete the surveys and return them to their schools as soon as possible.

"Impact Aid funds are extremely important to support all our public schools statewide and help to improve quality education for our students," said Kathryn Matayoshi, HIDOE Superintendent. "During the 2015-16 school year, the state accounted for 27,660 federally connected students and received more than \$40 million in Impact Aid funding. We ask all parents for their cooperation to complete these important surveys."

Completed survey forms will benefit students at all public schools statewide. Federal reimbursements help to offset such costs as student transportation, school utilities, substitute teachers, portable classrooms and many others necessities.

Without these federal funds, the Hawaii public school system would have \$40 million to \$50 million less per year to operate with and would need to reduce support for all schools to pay all its expenses.

Every public school has a 100-percent return rate goal and asks that parents complete and return the federal survey next week. Please visit our Impact Aid Program webpage for more information and common questions.

Project Gemini

Kalani High School is looking for students interested in astronomy to participate in Project Gemini. The intent of this project is to provide secondary students equity of access to STEM educators from Gemini Observatory and the Canada-France-Hawaii Telescope and enable them to experience real world applications of scientific inquiry and exploration. Through a series of distance and blended learning opportunities using observatory astronomical data, students will be able to learn from, and be assisted by participating observatory educators as they engage in collaborative inquiry projects across geographical locations. The goal of this collaboration is to increase student interest in astronomy-related science fair and senior projects, and provide mentoring and internship opportunities for the students.

Please see Mrs. Hamasaki in the library or Mr. Silver in J2 for more information

DECA

DECA, formerly known as Distributive Education Clubs of America, is an international organization that "prepares emerging leaders and entrepreneurs in marketing, finance, hospitality, and management" through activities, projects, and competitions that apply business knowledge. This club provides its members with the opportunity to gain real-life skills used in college, career, and beyond, while instilling professional responsibility and community mindedness. For more information, go to: deca.org decadirect.org, @DECAInc on Facebook, Twitter, Instagram, Pinterest, YouTube and LinkedIn, or Mrs. Potterton in E-23. Our email is kalanideca@gmail.com.

KEY CLUB

Key Club is a community service club where the students participate in a variety of different activities such as beach club ups, helping out with non-profit organizations such as Salvation Army and Goodwill; donating supplies, sign waving, raising money for different causes, working with younger students, giving out water at marathons, and doing beautification for campuses and retirement homes.

We work closely with other Key Clubs in our district such as Kaiser, Roosevelt, and St. Louis. With these other schools, the students have joint projects (they do beautification together, along with beach clean ups, etc.), socials (last year, Kalani held a social with Roosevelt where they ate food, played games, and tie-dyed shirts, and fundraisers (every year, the clubs raise money for Pediatric Trauma Programs by holding a dance and food). Through these activities, students not only learn about what it means to give back to a community, but they also meet other people from other schools. For more information, visit our personal website at <http://kalanikkeyclub.wixsite.com/volunteer>, visit our Instagram page called KalaniKeyClub, or visit Ms. Takayesu in A12.

Key Club meeting on Tuesday during lunch in A12.

CORE CLUB

The purpose of CORE (Christ Our Real Example) Club is to bring students together to share positive ways to deal with and overcome experiences they may face. A Christian perspective is the focus of the club. A typical Wednesday CORE Club meeting in the Chorus room (K16) begins with a game and light snack, followed by a sharing by a student leader.

HOSA

HOSA (Health Occupation Students of America) Healthcare Professionals is an international organization designed to assist students who typically wish to pursue a career in the health or medical field. "The mission of HOSA is to enhance the delivery of compassionate, quality healthcare by providing opportunities for knowledge, skill and leadership development of all health science education students, therefore, helping the student meet the needs of the healthcare community." They are able to fulfill this mission through leadership activities, community service projects, and competitions assigned throughout the year. Students will learn the basic skills needed in the healthcare field such as how to take blood pressure, check vitals and receive a few benefits like CPR/First Aid certification. If any questions, the organization's website is hosa.org or please contact Mr. Kimura, the advisor, at akimura@kalanihs.org. **Health Academy Open House ----- Periods 1 & 3: Monday 9/12 Periods 6 & 7: Wednesday 9/14**

Attention Parents of Class of 2018 – 5 things for parents to do during your child's junior year

1. Make sure your child meets with the school counselor. This meeting is especially important this year as your 11th-grader begins the college application process. [Learn more about the counselor's role in applying to college.](#)
2. Encourage your child to set goals for the school year. Working toward specific goals helps your high schooler stay motivated and focused.
3. Help your junior get ready for the PSAT/NMSQT. This is a test that helps students practice for college admission tests and helps to assess their academic skills. Juniors who score well on the PSAT/NMSQT are also eligible for scholarship opportunities. Find out more about the [PSAT/NMSQT](#).
4. Talk your child about an extracurricular activity to focus on this year. It can be one your child is already involved in or something new. Sticking with [extracurricular activities](#) helps students develop their interests and lets colleges see that they can make a commitment.
5. Help your child make a plan. Help your child create a customized step-by-step college plan. Keep on top of the tasks required to get ready for applying to college, track progress and more. Your child may already have created a plan; make sure it's been updated to include his or her junior year goals.

KALANI FALCON ATHLETIC BOOSTER CLUB

Kalani Falcons "Thanksgiving" Golf Classic - November 18, 2016

Honoring the Class of 1966!

Help us celebrate this the 10th annual Thanksgiving Golf Classic. With the great food, prizes, and camaraderie, this event is one of the best ways to support Kalani Athletics. To date, over \$100,000 in support has gone directly to the athletic programs at Kalani in the form of equipment, specialized training and clinics, and high technology. Your participation makes a long lasting positive impact on the program.

Included is a pre-round lunch, famous seafood pupu platter, and a buffet dinner prepared by Hawaii Prince. In addition to the golf and food, enjoy the great prizes including the \$10,000 Hole-In-One contest, hotel accommodations, restaurant and golf packages, and golf equipment.

SPORTS MEETING PROCEDURES:

The DOE requires that parents/guardians who have a child participating in athletics must attend the Parent Sport Meeting, with their child, once their child has been selected to a team. This is required once each school year that the child is participating in a sport. The meetings have now been broken down and grouped by sport. Please attend the Parent Sport Meeting for your child's sport. The Parent/Guardian is required to go online (www.kalaniathletics.org) to view the OIA/OC16 Risk Management video under the video tab and to view/read both the DOE Parent and Student-Athlete Handbook and Kalani's Guide to Athletic Participation. This must be complete PRIOR to coming to the Parent Sport Meeting. These items will no longer be distributed at the sport meeting. Those who do not have computer access may request an appointment with the Athletics Director to view the video and be provided a hard copy of the two handbooks. Since your child has already been selected to a team the \$80.00 ASET fee is due at the Parent Sport Meeting. The Parent Sport Meetings shall be announced in the morning bulletin and will also appear on the athletic website, school calendar and Principal's Newsletter. Contact your child's coach if you should have any questions.

ATHLETIC PRACTICE SAFETY:

For your safety and the safety of our student-athletes our practices are closed to the public. The gym doors will be closed during practice times and for the field/pool sports parents are asked to stay outside the fence line of the entire field/pool. Parents are asked to plan on arriving to pick up their child after a practice/game prior to end of the event. We want to be sure that there is adult supervision until all athletes have been picked up. Please communicate with your child's coach if you should have any questions. Reminder that there is to be NO SMOKING/VAPORING, NO ALCOHOL AND NO PETS allowed on any DOE campus.

ATHLETIC PHYSICALS & CONSENT FORMS:

An Athletic Physical and the Parent Consent and Assumption of Risk (CAR) form is required before anyone may participate in any athletic training. Parents are encouraged to make every attempt to have these physicals completed during the summer months. If a student does not have a current physical on file with our Athletics Trainer prior to tryouts it may jeopardize their opportunity to make the team. Those participating in a winter sport should consider having their physicals completed no later than October. Spring sports should be no later than February. Physicals are good for one calendar year from the date of the physical. A separate CAR form is needed for each sport your child participates in. These forms are to be turned in directly to the Athletic Trainers. Please do not give them to the coach! For more information please contact our Athletic Trainers. **The trainers start work at 1:00pm.**
